**By signing this agreement all parties understand and agree to the following:**

1. The University of Hawai'i at Mānoa (UHM) and the high school reserves the right to determine admission to the university/college and/or registration in certain classes.
2. The high school is the final authority on high school graduation requirements. Students must work closely with a high school counselor to ensure that graduation requirements are met. It is understood that it is the student's responsibility to ensure that the college course(s) completed as part of the dual credit program will also meet high school graduation requirements.
3. The parent/guardian and student understand that if the student does not successfully complete the dual credit course(s), the student may not meet high school graduation requirements. The grade received will be permanently on the student's transcript.
4. A student who fails to earn a grade of C or higher may be removed from the Mānoa Academy at the Academy's discretion. Once removed, the student must reapply for the Academy and/or admission to UH Mānoa and pay the application fee. Failure to maintain at least a Mānoa Academy 2.0 GPA (2.75 for College of Education majors; and 2.5 for KRS majors) will result in the student being ineligible for financial aid upon enrollment at Mānoa as a freshman (until such time as the student's GPA rises to meet the minimum Satisfactory Academic Progress standards).
5. The parent/guardian and student understand that acceptance to UHM is granted upon completion of admissions requirements.
6. The student and/or parent/guardian may be responsible for tuition and campus fees, books and consumable supplies, laboratory fees, transportation, and any other related educational expenses.
7. The parent/guardian and the student understand that the student is expected to participate fully in all course activities, including labs, which may involve being exposed to alternative viewpoints that may include material of an adult nature.
8. The parent/guardian and student understand that the high school is not liable for the student's health and safety when the student has left the high school campus.
9. The parent/guardian and student understand that students in the dual credit program have the same rights and responsibilities as any other University of Hawai'i at Mānoa college student.
10. The parent/guardian and student understand that the University of Hawai'i's policies and procedures apply to students in the dual credit program, in addition to all of the high school's policies and procedures. Specifically, the University of Hawai'i's EP 1.204 – Interim Policy and Procedure on Sex Discrimination and Gender-Based Violence applies to all dual credit students. EP 1.204 makes confidential resources available to all students and these confidential resources are not required to notify parents/guardians of services rendered to students. The University of Hawai'i also may require students to complete training related to its policies, including EP 1.204, which may contain adult content or content that may not be age-appropriate. EP 1.204 can be found on UH's website at <https://www.hawaii.edu/policy/docs/temp/ep1.204.pdf>. UH's Resource Guide to Title IX can be found at <http://uhcc.hawaii.edu/titleIX/docs/TitleIXBrochure.pdf>.
11. Where applicable, the student gives permission for the University of Hawai'i at Mānoa campus to release registration information, grades, placement test scores, student academic progress, attendance, and on track completion of coursework to his/her high school administrator(s) and/or counselors.
12. Where applicable, the student gives permission for the high school administrator(s) and/or counselors to release registration information, grades, placement test scores, student academic progress, attendance, and on track completion of coursework to the University of Hawai'i at Mānoa.
13. The University of Hawai'i may photograph, videotape, or otherwise record the student's first name, voice, and/or likeness. These recordings will be used exclusively for non-commercial, educational purposes, which may include, but not be limited to, distribution by print or digital media within or outside the state of Hawaii for the duration of the media.
